

## From The Experts in MISSION CRITICAL LPG Transfer Solutions

Introducing

### LGLD3 & LGLD4 High-Speed Sliding Vane Pumps

Newly increased speeds bring greater capacity to the proven reliability and performance of Blackmer's LGL Series sliding vane pumps.

Bulk plants, terminals and other transfer operations stand to benefit from the higher capacity of the new LGLD3 and LGLD4 pumps.

- **LGLD3** maximum operating speed is 870 rpm, up to 200 gpm
- **LGLD4** maximum operating speed is 800 rpm, up to 400 gpm
- Maximum working pressure of both pumps is 400 psig

### Blackmer LPG Pumps vs. The Competition

Feature	Benefit	Value	Blackmer	Competitor
<b>36 Month Warranty and One Year Performance Assurance</b>	Guaranteed performance and peace-of-mind for operator	No replacement part costs	■	
<b>Cavitation Suppression Liner</b>	Reduces noise and wearing effects of cavitation	Longer pump life, lower operating costs	■	
<b>High Efficiency – Same Flow at Lower RPMs</b>	Less wear on pump, less energy consumed	Lower operating costs	■	
<b>Robust Seal Design</b>	Longer seal life	Less downtime and repair costs	■	
<b>Locking Rotors</b>	No drift at startup	Longer life, better efficiency	■	■
<b>Leader in LPG Pump Design and Distribution</b>	Support from the LPG Specialist	Best valued equipment in the industry	■	

Capable of handling LPG, anhydrous ammonia and other liquefied gases, these rugged pumps are ideal for high-speed gas transfer applications:

- Rail car loading and unloading
- Transport and bobtail loading
- Stationary transfer for various liquefied gas distribution applications

Utilizing Blackmer's unique sliding vane design, these positive displacement pumps offer the best combined characteristics of sustained high-level performance, energy efficiency, trouble-free operation, and low maintenance cost.

**Trust Those Who Trust Their Equipment**  
Blackmer provides an extended warranty on LPG pumps and compressors that covers 36 months after installation. Blackmer also gives a One-Year Performance Assurance that provides free replacement components. Learn more about the extended warranty and Performance Assurance by visiting our web site – [www.blackmer.com](http://www.blackmer.com).
